[Tech Tour Growth 50](#)

We are glad to see our portfolio companies E-Leather, Vulog and Telensa make the Tech Tour Growth 50 list in 2018.

Telensa - Makes wireless smart city control systems, including the worlds most deployed smart streetlight solution. www.telensa.com

Vulog - Offers a comprehensive and customizable SaaS solution that enables mobility operators to launch and operate shared mobility services. www.vulog.com and read the related article [here](#).

E-Leather - Our entire manufacturing process is based on our passion to provide an eco-friendly material that out-performs traditional leather, faux leathers and fabrics. www.eleathergroup.com
